2027 AUTHORITY BUDGET MESSAGE & ANALYSIS

Hardyston Municipal Utilities Authority

FISCAL YEAR: July 01, 2026 to June 30, 2027

Answer all questions below using the space provided. Do not attach answers as a separate document.

1. Complete a brief statement on the Fiscal Year 2027 proposed Annual Budget and make comparison to the Fiscal Year 2026 adopted budget for each Revenues and Appropriations. Explain any variances over +/-10% (as shown on budget pages F-2 and F-4) for each individual revenue and appropriation line item. Explanations of variances should include a description of the reason for the increase or decrease in the budgeted line item, not just an indication of the amount and percent of change. Upload any supporting documentation that will help explain the reason for the increase or decrease in the budgeted line item.

The Authority is budgeting \$15,792 less in Developer Fees. These fees are calculated based on the developers agreements and sewerage flow to the Regional Treatment Authority SCMUA.

The Authority is budgeting \$57,132 as a result of a new cell tower customer and an increase in the current customer contract for cell tower services.

The Authority is budgeting \$6,000 less in miscellaneous revenue. The water budget did not need to appropriate miscellaneous revenues to balance the budget.

The Authority budgeted an additional \$20,045 of renewal and replacement funds for future capital projects. This would put them in a position to pay as you go for their capital needs.

2. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Program.

The local economy is experiencing slow growth, as a result of high interest rates and consumer inflation.

The Authority is also experiencing an increase in operating costs as a result of inflation and increased regulation for water and sewer treatment.

3. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual and Capital Budget (i.e. rate stabilization, debt service reduction, to balance the budget, etc.) If the Authority's budget anticipated a use of Unrestricted Net Position, this question must be answered.

The Authority is Utilizing \$92,720 to provide sufficient revenue to cover its projected budgeted expenses.

4. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or shared service payments, **pilot** payments, or other types of contracts or agreements. (Example - To provide police services to the Authority, etc. and explain the reason for the transfer (i.e. to balance the County/Municipal Budget, etc.)

No funds transferred to the county/municipality.

5. The proposed budget must not reflect an anticipated deficit from 2026 operations. If there exists an accumulated deficit from prior year's budgets (and funding is included in the proposed budget as a result of a prior year deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

Not applicable.

(Prepare a response to deficits in most recent audit report pertaining to Deficits to Unrestricted Net Position caused by recording Pension and Post-Employment Benefits liabilities as required by GASB 68 and GASB 75) and similar types of deficits in the audit report. How would these deficits be funded?
